The 1978 Gusher

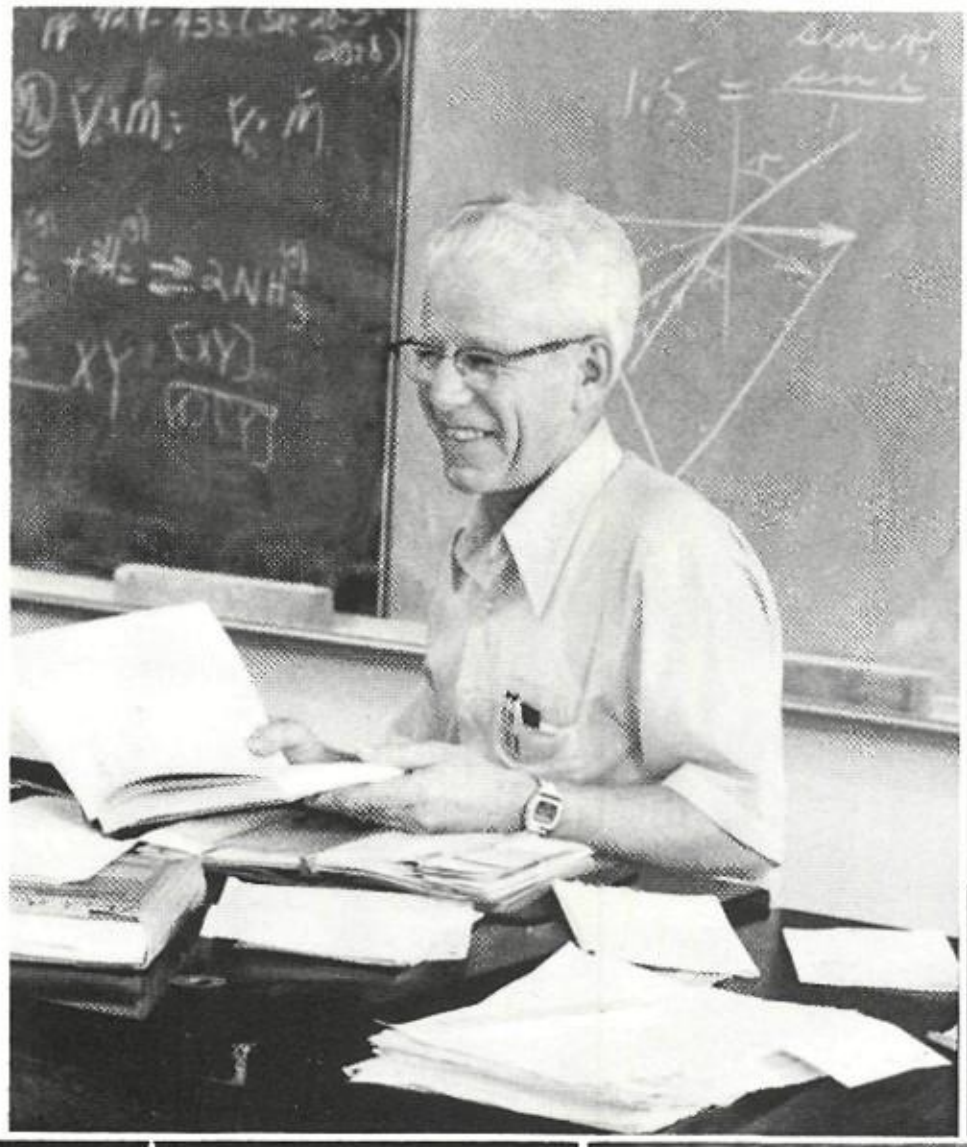
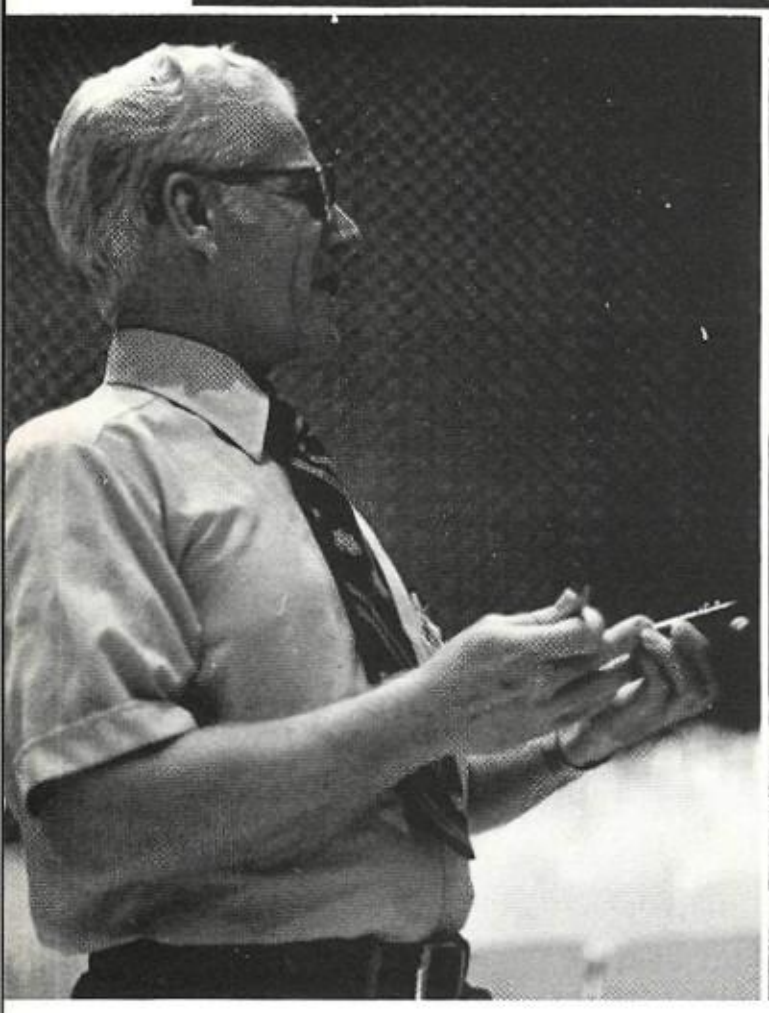
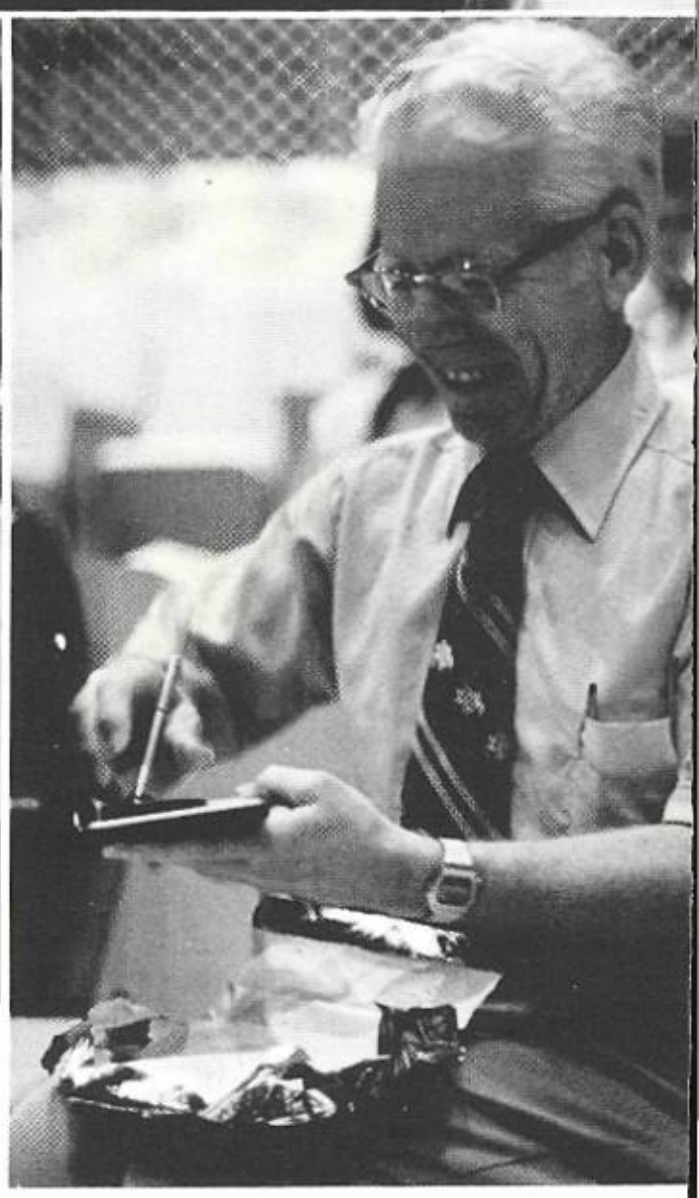
Claude Lively

A long-time Columbia High science and math teacher has retired after devoting 21 rewarding years of service to the students, past and present, of our school.

We would like to express our gratitude to this fine man, and wish him enjoyment in his well-earned retirement. He has enriched our lives by giving of his time, knowledge, concern, and most importantly, himself.







Is Dedicated to

David Shepherd

After years of accumulating heaps of irreparably destroyed bullhorn speakers, frantically typed Kaleidoscope and Spring Trip newsletters, ingeniously conceived blueprint drawings of armadillo traps, and hurriedly disposed of chocolate ice cream cone napkins, David Shepherd is the overwhelmingly deserving recipient of the Dedication of the 1978 GUSHER.

This sailor with the jingling metronome-like walk has devoted innumerable hours to the Roughneck Band, and is highly respected by students and teachers, young and old, and men and women alike. He's a teacher, a psychologist, a father, a musician, and a friend.

Kaleidoscope

During the 10th season of what the Gulf Coast has come to know as Kaleidoscope, CHS band members carried on the tradition of presenting an entertaining, though corny, show. Even innocent bystanders were caught up in the craziness that went on backstage. Shy newcomers to this production found their stage fright leaving rapidly as they became show-stealers. How can next year's group possibly top the zany production of 1978.

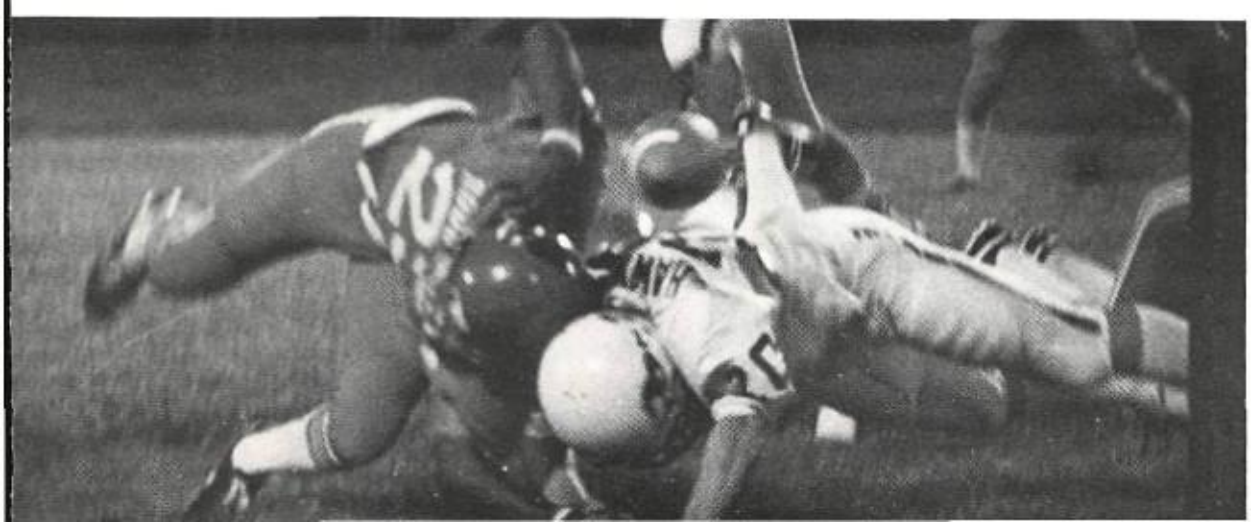
Homecoming

Friday, October 14 proved to be a highly entertaining night for CHS students. There was giddy excitement in the air as we found ourselves seeing old faces, some looking just the same as the year before and some going almost completely unrecognized. The fragrance of mums and corsages was heavy in the air as we searched for the bearer of the most extravagant mum of 1977. As the super-charged music by our band provided a good excuse for the cheerleaders to begin jumping and the twirlers kicking, the huge crowd chanted, "CHS get a Mustang!" The names of four pretty girls . . . Kelli . . . Vicky . . . Sharmarion . . . Clara . . . clearly spiced all conversations. At last, the thrill of crowning the 1977 Homecoming Queen, Kelli Gupton, captivated us all and served to more than compensate for the near win of the game.

"You like my shoes too?"

"Has it been raining mums?"



NHS

This year's NHS was culturally uplifted by a once-in-a-lifetime exposure to the King Tut exhibit in New Orleans, the French Quarter, a crowded bus ride, and a spontaneous sidewalk nap, not to mention several fun-filled hours in subzero temperatures. This trip was made possible by the generosity of the CBISD Board of Trustees who provided the money for a chartered bus.

This gives U.S. students an opportunity to spend the summer abroad.

Fire

Destroys Gymnasium at Old Charlie Brown

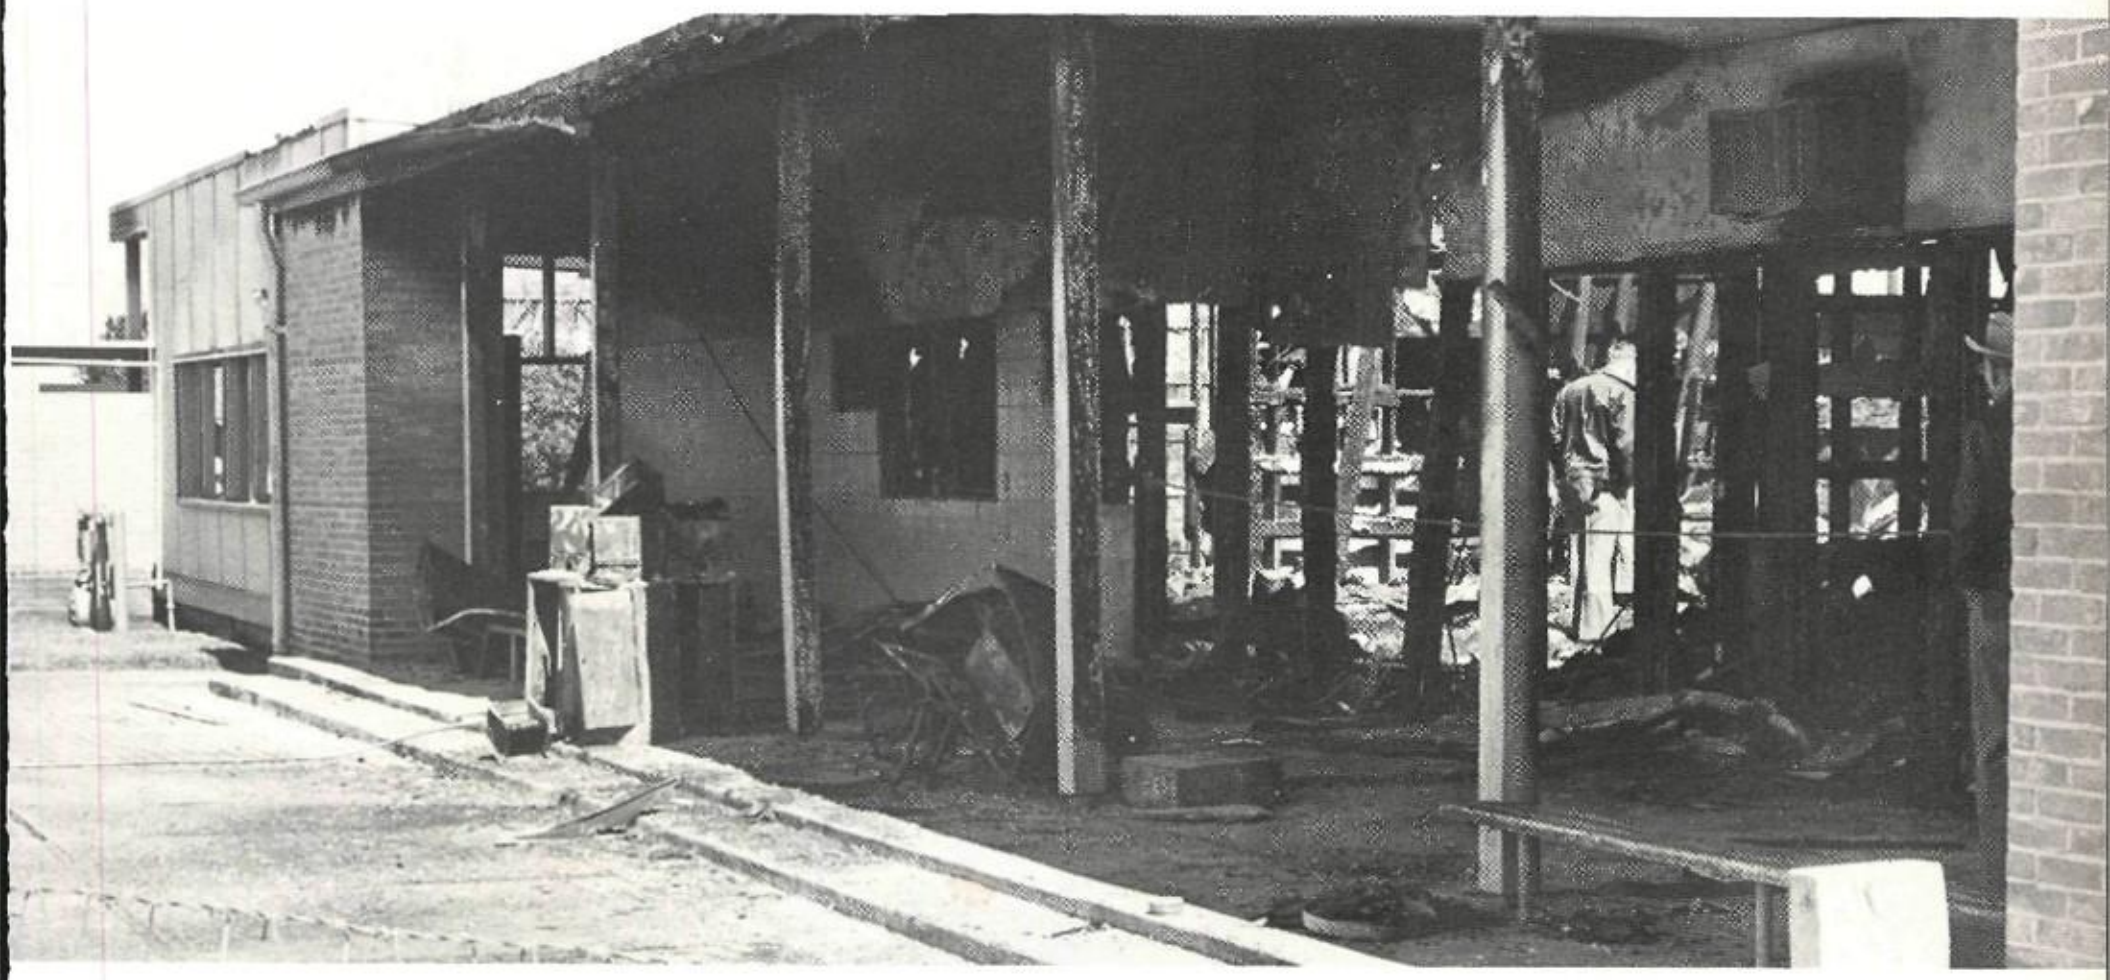
Let's pretend you are in intermediate school. Monday morning everyone gets ready for school as usual. You start for school in the normal manner, but as you approach the campus, you are faced with a terrible shock! THE SCHOOL HAS BURNED TO THE GROUND! Questions race through your mind: Will we have school? Should we go home? How can a school function without many things that are often taken for granted?

Monday, February 20, 1978, the West Columbia Intermediate School Gymnasium-Cafeteria-Office Complex burned to the ground. However, the classroom wings had been saved by the hardworking,

dedicated West Columbia and Brazoria Firemen. Kenneth Welsch, Superintendent, was at the scene of the fire most of the night, and before 6 a.m. he and the Fire Marshal had reached the conclusion that the students could safely attend class.

The faculty and students began arriving at school. Everyone seems to be dazed, confused — they tell themselves it can't be true; then, they look out the window and are forced to face the reality of their loss. The students are bussed to the Elementary School for lunch because the kitchen and lunchroom-stage-gym are gone. Offices for the principal, secretary, and nurse are set up in a classroom as the offices and most of the records were destroyed.

Everyone must improvise: tables replace desks, boxes for drawers, walking takes the place of the intercom, portable partitions and file cabinets serve as walls. Just think of everything that was ruined; yet, teachers are instructing pupils, and students are learning.



THE FIRE
by a Fifth Grade Student

Monday, February 20, 1978, there was a fire at the Old Charlie Brown School. It burned the lunchroom, gym, and the office. The fifth and sixth grade wings are fine.

It is kind of sad everytime you look out the window. You do not see anything but sky.

The firemen saved everything they could. Most of the things that were not in a special fireproof safe were burned. Some people are moving the trash away and now you can barely see the teachers' parking lot. Those people are going to build something in a few years after the dirt settles.

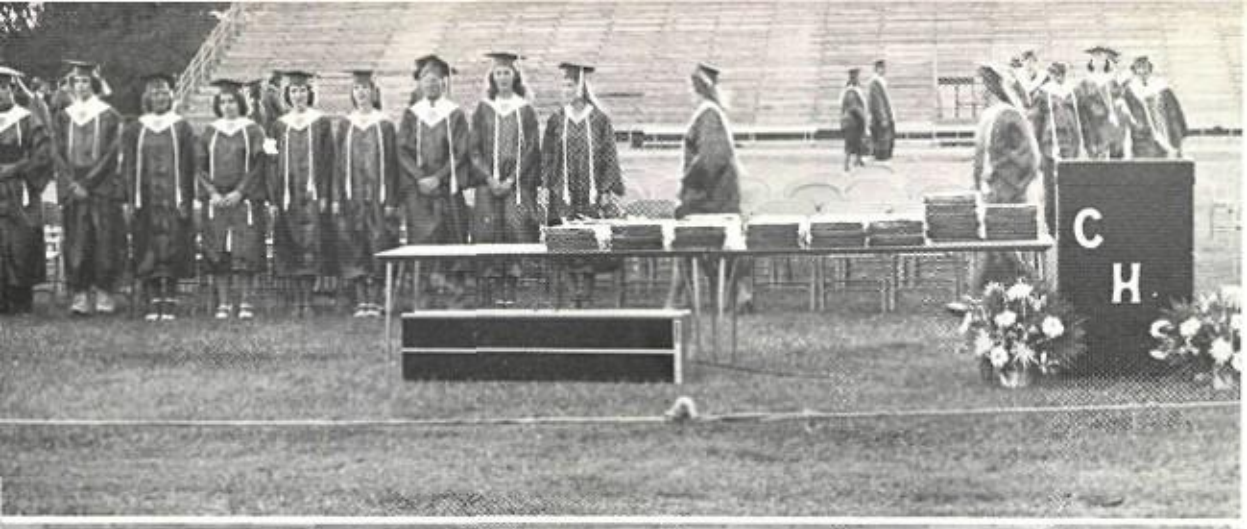
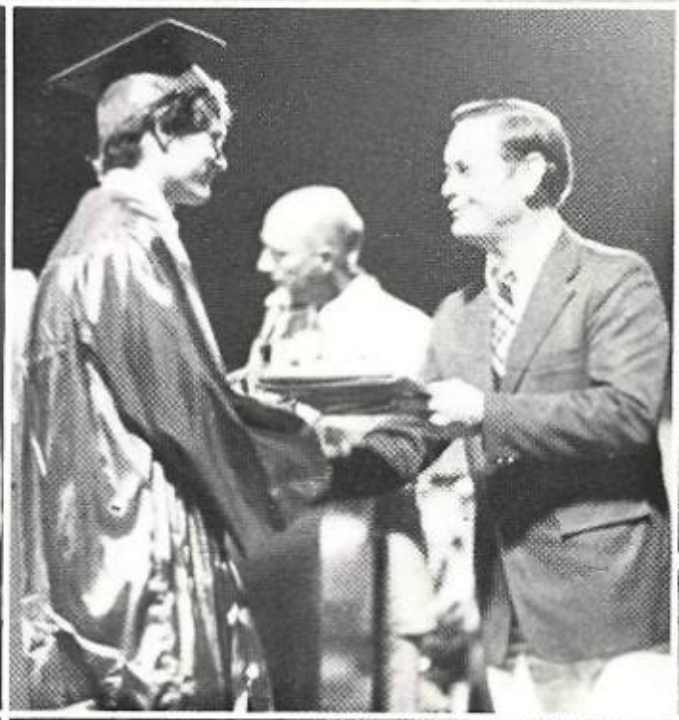
Graduation





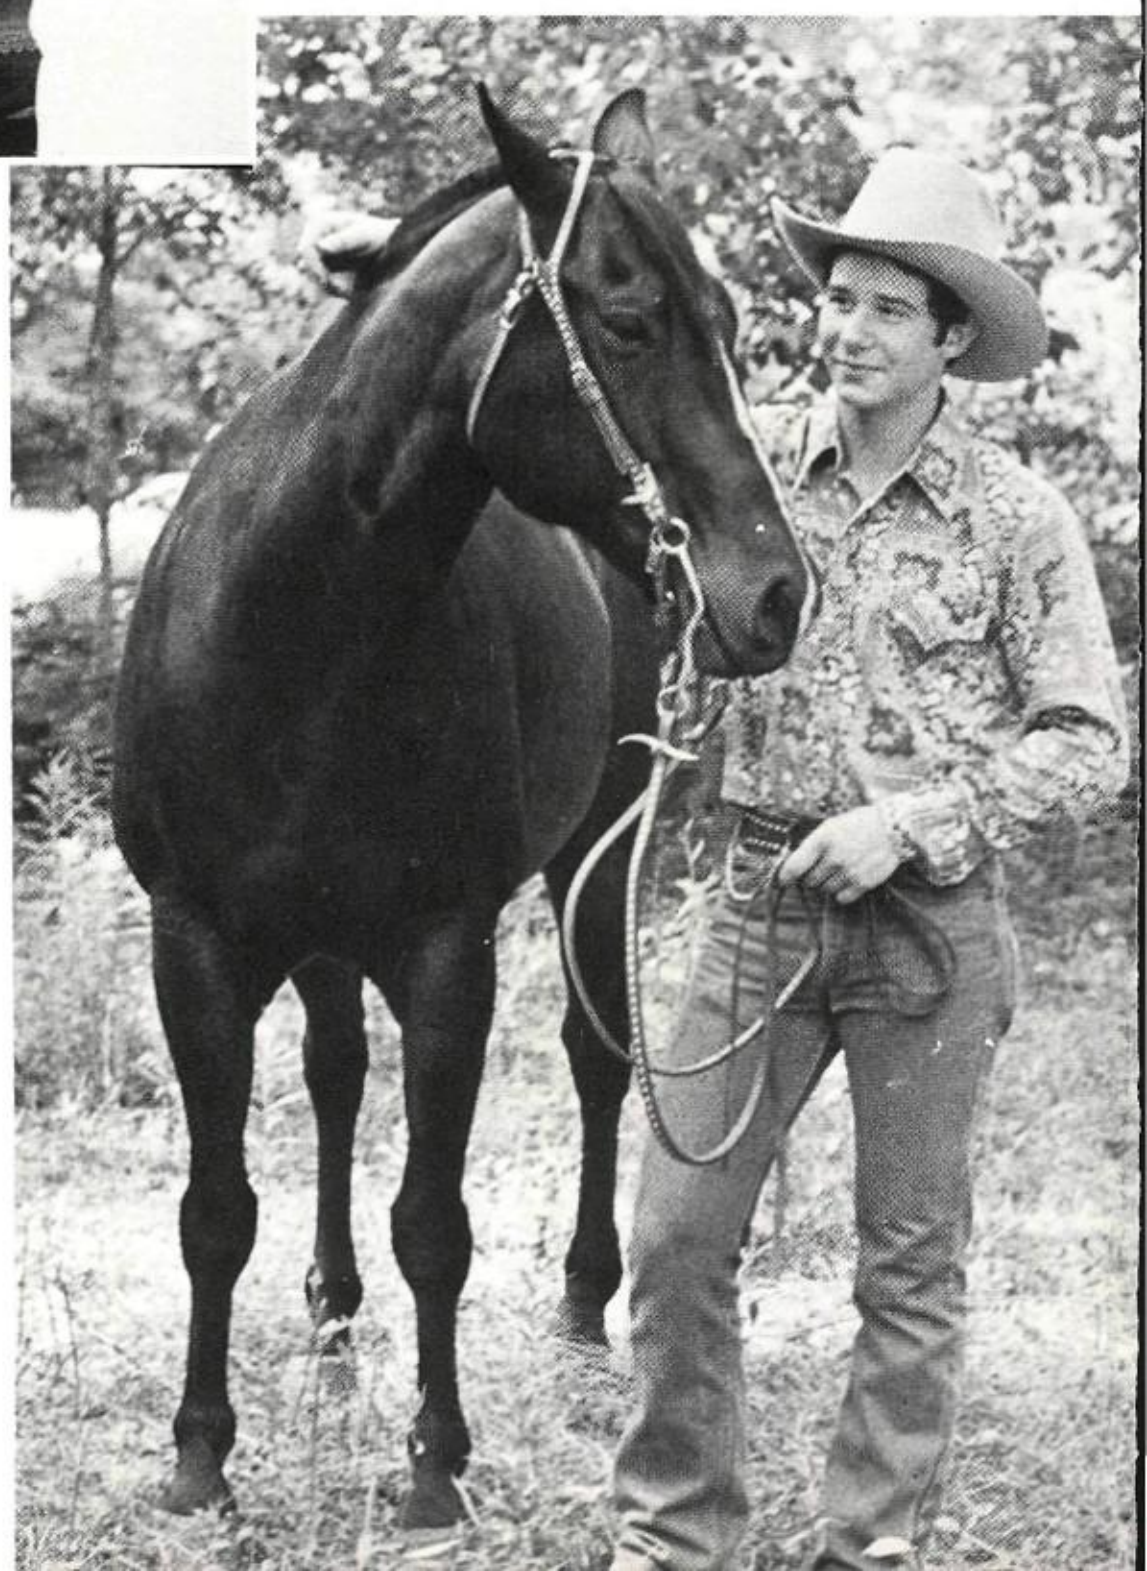
The class of 1978 proved to be a highly unique group of people. In every athletic or artistic field, at least one strong leader emerged, often with one or more fellow classmates following closely behind. Despite the large degree of competition we experienced, we became an unusually cohesive, affectionate group whose thoughtfulness never ceased to amaze our senior teachers and sponsors. Our most preeminent achievement, however, was our history-making procession off of the field after the graduation ceremony. For the first time in years, we walked!

Jim Ogilvie
98.123

"I hope there is confidence among you toward us as a class as we leave Columbia High School. We feel that we are a special group and though the odds are against all of us collecting together once more, still what each of us does after tonight will be seen and felt by all others.

"As this class departs from C.H.S., we know that we have hope and confidence in the future. Perhaps it is one of the attributes of youth to believe that everything is possible. By attacking problems in the classroom, the athletic field or other school activities, we have learned to have confidence.

"We are eager to grasp the future — we are eager to conquer the future."



Dennis Huebner
96.839

"Graduation undoubtedly is the most significant change that has come about in our lives since our first day of school. How should one feel about this change called graduation? As I stand here I cannot help but be a bit doleful. I find it hard to believe that after tonight all of us will be going our separate ways.

"I base my confidence in the Class of '78 for many reasons. Since our first year of high school this class has truly been different. It has possessed characteristics and whims all its own that have set it apart from all previous classes. We have been a persistent, hardworking, dedicated and even sometimes silly class. We have learned to work together and as a result have become a closely unified group."

Ever step outside and hear a soft melody shimmering in the gentle breeze? Living near the Shepherds, one might hear Laurie practicing many a time. After tedious hours of hard practice, and countless top positions in District, Region, and Area Bands, Laurie earned a chair in the All-State Band. Not only first flute in the Symphonic Band, she also has been a twirler, section leader, assistant drum major, and band secretary. Laurie is known to many as student council member, class favorite, and good friend. But, to members of the Roughneck Band, she is all of this and indeed more. This is why CHS is proud to acclaim a BQ, Band Queen, like Laurie Shepherd.
